

Dietze Music's Step up to Yamaha XT Clearance Sale

Yamaha offered this exclusive line of Intermediate Instruments to a few select Yamaha dealers. They are similar to Yamaha's 300 and 400 level instruments with a few added features. They all have a stylish black cordura covered case with shoulder strap and embroidered Yamaha logo. Flutes have split-E mechanisms, clarinets have silver-plated keys, saxophones have matching gold lacquered keys and body, trumpets have gold-plated trim, and trombones are large bore with open wrap F-attachments. As with all new Yamaha instruments, these come complete with a 5 year warranty. Yamaha has discontinued these models so limited quantities are available.

	Description	Was	Clearance
